\$1,000,000 REWARD!

...For Evidence Leading to Conviction of Conspirators Behind JFK Assassination

The ENQUIRER is offering a reward of ONE MILLION DOLLARS for evidence concerning the assassination of President John F. Kennedy.

This entire sum will be paid to the first person who provides The ENQUIRER directly with information resulting in the arrest and ultimate conviction of one or more people for conspiring in the murder of John F. Kennedy on Nov. 22, 1963.

Thirteen years have passed since that awful day in Dallas.

Now the U.S. House of Representatives has voted overwhelmingly to reopen the investigation into the events of the killing — events that still haunt the minds of millions of Americans.

The congressional probe was prompted by revelations that the full story was withheld from the

Warren Commission, the high-level panel that investigated the slaying.

After months of investigation, the Commission concluded that Lee Harvey Oswald, a former U.S. Marine who defected to the Soviet Union and then returned to the U.S., was solely responsible for the killing.

Almost from the start, the Commission's findings came under intense attack from skeptics convinced that Oswald could not have acted alone to plan and carry out the assassination of the President.

The doubts remain, and the possibility that there

was a conspiracy grows ever stronger in the minds of many. The NATIONAL ENQUIRER believes Americans are entitled to know the full truth about the circumstances surrounding the assassination of their President.

To aid in uncovering the truth, The ENQUIRER offers its \$1 million reward. This reward will be paid only if the evidence given us results in a conviction, and the conviction is not overturned by a higher court.

If you have any information proving that President Kennedy was the victim of a conspiracy, send it to us. Address your letter to: William Dick, General Editor, NATIONAL ENQUIRER, Lantana, Fla. 33464. Be sure to include your name, address and phone number.
